There will be two ways for the staff and students to enjoy the salad bar.

- 1. When you get your regular hot lunch, you can take a side salad bowl to the salad bar.**
- 2. Instead of getting the regular hot lunch, you can choose salad bar only and receive a tray, choice of fruit and milk, and use your tray at the salad bar to get whatever you'd like.**

No matter which option is chosen, the price for student lunch is \$3.00

We are excited to be able to offer the salad bar! We also want to not have too much waste. We ask that students don't take way more than they can eat. Hopefully they will try a new veggie in the process too!

Once again I would love any feedback you have. I am happy to try new items on the salad bar if it is something your kids will eat. I'm open to different dressings too, just let me know.

Thanks so much!
