

## Extended Care Covid Guidelines

1. Barb will check students' temperatures at the door before their parents leave from 6:30am until 7:00am. Parents are not allowed into the building. All students and staff must be wearing a mask at all times.
2. From 7:00am until 8:00am all Extended Care students must be brought to the west door. Their temperature will be checked before their parents leave.
3. Students can come from 7:50am until 7:59am to gather in the Cafeteria. At 8:00 all students in the Cafeteria and Library will be allowed to go to their rooms. All students and staff must be wearing a mask at all times.
4. Once in the Library, students must social distance and Barb must keep a seating chart.
5. Once in the cafeteria, students must social distance and we must keep a seating chart.
6. After school, all students coming to aftercare must keep their mask on. They will take their backpacks to their assigned seats and be checked in from there.
7. Students must be kept with their cohorts and not share toys.
8. When parents come to pick up their students from Aftercare, they must ring the bell and say who they are there to get. Parents are not allowed to come into the building. A worker will gather their students and their belongings and bring them to the front door for you to sign them out.
9. We suggest that you send your child with a small toy or art supplies for aftercare. They will not be allowed to share toys or art supplies.

\*For those of you who have had children in aftercare before, it will look very different this year. Please go over these changes with your child so it is not a complete surprise.

Keep their mask on. Do not line up for attendance. PreK-4 go to a seat in the gameroom. 5-8 go to a seat in the library. Attendance will be taken from your seat. Do not sit on the green rug, go to a seat at a table. Don't share your toys/markers/crayons, only use your own.

Thank you so much!
